

UNITED AGAINST CORONA

Dear Tenants,

The current situation is demanding more solidarity and consideration from all of us towards our fellow human beings.

We would therefore like to call on you to **please support your fellow citizens and show your community that you care!**

Sick people and the elderly would be especially happy to receive help, but families with children would also appreciate assistance.

**Do you have time to shop for someone? Can you walk your neighbour's dog?
Or offer other support and help?**

Then please sign up on this list:
